Meet our little Pooh Bear: AFFECTIONATE little baby boy!

Meet Mr. Pooh Bear! This little boy must have just climbed down from the honey tree because he is sticky sweet! Pooh Bear is a different little man, he likes to suck on his toes! It is the cutest thing ever, he must like to keep his toes clean because he really works hard at it!

Pooh Bear has an eye issue and will have to be kept on very high quality food with some medication for the rest of his life to prevent his eye from getting worse. It doesn't seem to slow him down at all! Pooh Bear is being fostered in Little Chute, he lives with a large dog and other kitties in his foster home and loves them all. Please e-mail his foster mom Corey for more information on this little boy, you just have to meet him! Coreykruegs@gmail.com

The requested adoption fee for Pooh Bear is \$75. He has been neutered, has received his distemper shots, has tested negative for Feline Leukemia and FIV, and has been de-wormed. He would make a wonderful lifelong companion for anyone!
